Lesson Plan Description:

AIM: To give a 90-minute class with the build-up towards DOLPHIN (Makarasana) pose.

OBJECTIVES: By the end of the lesson students will be able to:

- Perform Dolphin Sequence
- State a few benefits and precautions of Dolphin Pose
- Perform a modification of Dolphin Pose
- Explore the idea of flowing with life
- Perform Dolphin Breathe

DOLPHIN SYMBOLISM: Allow yourself to have more fun. Dolphins are known for their ability for having fun. They are playful and filled with joy. They are also nimble and strong. Allow yourself to become a dolphin and be aware of all the things to be joyous of in your life right now. Joy is your birthright. You don't have to 'do' something to deserve basking in joy.
